This combination Price List, reference work, and inventory check list is a list of the covers I produced as a cachetmaker from 1978 to now. It takes a long time for hand painting, so this list will never be completely up to date in regard to new covers. The convenience of your own mailbox makes it possible to easily and systematically expand your personal collection of my individually hand painted First Day Covers. As more collectors “discover” Collins cachets, my back issues will continue to sell out. By receiving this list now, you are in the position of being able to add needed Collins First Day Covers or to acquire extras of those that appeal to you.

Any Collins FDCs you obtain from this listing or any “sold outs” that you acquire from other sources will be significant additions to your collection. As time marches on, these covers will continue to take on historic perspective in terms of both the hobby and Collins. Some collectors are building their collections by adding a few of these “Earlies” each month along with my current offerings. This body of covers offers every collector a lifetime of challenges (hunting, finding, acquiring) as bit by bit you fill in needed FDCs. Be organized, be knowledgeable, be persistent, but – most of all – have fun.

Retain this listing and use it as a checklist to circle each Collins that you acquire for your collection. It will then be a ready reference for which covers you have and which ones you still need. A good strategy for collectors still missing items is to purchase the available covers on this list, several at a time as your hobby budget permits, on a regular basis. Dedicated collectors order a few at a time, and this is what I would suggest. The covers still available today are the “sold outs” of the future. Even collectors who already have the Collins covers still in stock might want to consider adding selective duplicates to put away. An important point to remember is that all covers on this list that are not sold out are in limited supply.

COMMITTED TO FIRST DAY COVER EXCELLENCE

Collins First Day Covers are produced by Fred G. Collins: Life Member and former National Board of Directors Member of the American First Day Cover Society; Co-founder and Charter Member of the National Cachetmakers Association; Elected to Earl Planty’s First Day Cover Hall of Fame; Member of the American Philatelic Society; Member of the American Stamp Dealers Association; Charter Member of the National Duck Stamp Collectors Society; and Honorary Lifetime Member of the Molly Pitcher Stamp Club of New Jersey. Also Cachetmaker of the Quarter Century 1976 to 2000; Cachetmaker of the Half Century 1951 to 2000; Cachetmaker of the Decade 2001 to 2010. All of these honors were by a vote of the membership of the American First Day Cover Society.

WE ACCEPT VISA, MASTERCARD, AMERICAN EXPRESS, AND DISCOVER.

AWARD WINNERS

In 1992 the American First Day Cover Society began a National Contest open to all cachetmakers. Entries are from covers produced in the preceding calendar year, and awards are announced at the annual AFDCS Convention. I am grateful for this recognition and eagerly look forward to the next contest which will include entries from the current year. Since this contest began, Collins have won substantially more First Place awards than any other cachetmaker.

MAIL SALES

Several times a year I hold mail sales for covers that are no longer available in my active inventory. Lots offered give collectors a chance to obtain elusive Collins cachets to fill in empty spaces in their collections.

GIFT CERTIFICATES

Attractive Gift Certificates are available from me in any denomination and may be used for any covers past, present, or future – or can be applied to subscription invoices. Should someone ask you for a present suggestion, just give them my name and address, and they can order the Gift Certificate in any amount directly from me. Major credit cards are accepted. I will send the gift certificate to them at once.

THE BOOK

In 1999, I wrote a 340-page book about my first twenty years of cachetmaking, covering the years 1978 through 1997. Within its pages, I relate many of my adventures in securing special Day of Issue postmarks, often Collins exclusives. It also relates, supplemented by many photos, how our cachetmaking business evolved as a true family enterprise. An important part of the book is the illustrated catalog section. In it, I picture all of the covers I produced during my first twenty years. It is a “must own” if you intend to pursue my sold out covers on the open market. Beyond its reference value, I’m sure you’ll find it an enjoyable “read” as you join me on my twenty-year cachetmaking journey. If you would like details on this informative and interesting publication, please inquire.

CREDIT CARDS

Covers from this listing as well as purchases from my mail sales can be obtained by using VISA, Master Card, American Express, or Discover. Gift Certificates and my book *Collins First Day Covers – The First Twenty Years* may also be charged. If we don't have your number on file, please provide your account number and expiration date on all credit card transactions.

THE “CLASSIC” PERIOD 1978 and 1979

The first Collins was the “Quilting” issue on March 8, 1978. Listed below are the 1978 and 1979 Collins FDCs by issue and Collins number for reference. All are sold out of my inventory of back covers. They have become classic collectibles within the hobby. **Important:** In addition to “01” covers, scarcer cancel varieties also exist on some of my covers. These varieties are documented and illustrated in my book *Collins First Day Covers - The First Twenty Years*. If you decide to seek them out, I wish you good luck. They are “out there” for the persistent and dedicated collector.

IMPORTANT

Open-market prices on the above Collins First Day Covers have reached very high levels and continue to advance. Scarce postmark varieties exist on many of them, and, if you decide to collect 1978 and 1979, it is highly recommended that you refer to the illustrated catalog portion of my book *Collins First Day Covers - The First Twenty Years* for precise cover variety identification.

THE "EARLY" PERIOD 1980-1989

The decade of the Eighties brought a transition to Collins covers as I gradually moved from the standard, traditional left-side cachet to "entires". This means that the stamp, postmark and cachet combined take up the entire face of the envelope. Collector feedback was outstanding and the excellent reputation of Collins continued to grow. As time goes on, "Earlies" from this period in my cachetmaking will become harder to find and acquire. Any Collins collection will be more meaningful and significant if it includes FDCs from the "Early" period of the 1980s. Please remember that cancel and/or cachet varieties may exist on following covers, and they are catalogued and illustrated in the book.

THE “CENTURY’S END” PERIOD 1990-1999

As the years go by in the 2000s, any collectibles clearly identifiable as items from the 1900s will become increasingly desirable, sought after, and valuable. With dated postmarks by the United States Postal Service, First Day Covers are perfect collectibles for this category. Not only do my 1990 cachets close out the last century, but they are the last of the millennium as well. Collins covers will continue to flourish and gain in reputation in the 2000s. Prudent collectors will obtain my “Century’s End” covers now for their holdings. Because of their limited numbers, my cachets sell out on an ongoing basis, so try to obtain desired ones now with regular and systematic purchases.

THE NEW CENTURY PERIOD

As the 21st Century begins, Collins hand painted First Day Covers have established themselves as a permanent and important part of our First Day Cover hobby. Their ongoing collectibility has been ensured due to their proven record of success dating back to 1978. A suggested strategy would be to acquire those back covers from the current date to those still available from 2000 on. This could be done by acquiring back covers once or twice a month until you have reached your goal.
